The Coast Electric Power Association will have its annual meeting in Bay St. Louis on November 4 and at this time they will ing. As usual we will publish, together with our regular issue of October 27, a Coast Electric Named Coach Power Association supplement. This year it will be a rather novel idea. Our supplement will be a joint issue of the Echo and the Picayune Item. We think it is the first time two newspapers owned by separate interests have ever joined in such a venture. There will be approximately 11,-000 copies of this supplement distributed to the subscribers of

The St. Stanislaus football team will journey to Foley Alabama, for their first game of the season. From all indications, Dick Thames and Mike Power have a pretty fair aggregation. Their work in the scrimmage against Pascagoula the other night led us to believe they are pretty good prospectst Good luck, and we hope you boys win them all. . . .

Electric Power Association.

The Coast Electric Power Association will have open house next Friday, September 22. The public is invited to visit the new headquarters building of this enterprising REA co-op between the hours of 2 and 9 P .M. on this date. It is really one of the most modernistic office buildings in this section. Hardin Shattuck and his co-workers will be happy to have you call and pay them a visit next Friday. The formal dedication of the building will take place at the time of the annual meeting November 4. And while on the subject of the REA, Shattuck has really gotten himself entertainment minded for next week. He will be host to the managers of the Mississippi REA co-ops at their meeting Saturday, September 23 and he expects these folks to be here for the open house Friday evening. . .

We thought at the conclusion of our subscription contest that new subscriptions would be few and far between, but we guessed Dies In Biloxi Tuesday wrong. Each week brings us new subscriptions. That is the way of a good newspaper, and each week we try to make it better and better.

The Knights of Columbus of the Coast District under the guidance of Wilmer Thibeaux District Deputy, will hold their first Inter Coast meeting, at the Knights of Columbus home on Main Street Sunday afternoon at 3 P. Jncle Charlie's Luck Is Still Bad – Bandit Crosses Him Up

Last Friday night on the way home from his weekly pinochle ession, my Uncle Charlie was held up a few blocks from his home on Allen Street and a wallet containing \$13 was taken from him this misadventure, strangely enough, has made my Aunt Frieda very happy, and with your leave and license, I'd like to tell you

To begin with, to hear my uncle tell it, Frieda is crazy like a fox about most things, but when it comes to fortune telling and allied superstitions she's crazy like a crazy. This, of course, in Charlie's own words "drives him to destruction," particularly when my aunt shells out good money for such charms and amulets as lucky horse-tail hairs and pieces of string with seven magic knots

"I can't understand," I once neard him tell her, "how a distinct twenty - century

type like you could potsky around with such superstitions." "Century, schmentury," Frieda answered. "What was good enough by my grandm other is enough by

you marry your grandfather?" "So when I look at you, that's who I'm thinking I married."

THE MATTER CAME to a crisis last Friday when Charlie arrived home from the shop and Frieda

asked him for 10 dollars. "Only last week I am giving you 10 dollars," he exploded. "What

you making, a down payment on a Cadillac?" "A catalogue I am not needing." Frieda sassed back, "Today I am

purchasing from a certain Gypsy a brass fish with the sign from Zoroaster which is absolute guaranteed to make a party healthy, wealthy and wise, and also rich." Charlie examined the brass object. "To me it looks like a tin herring." he said. "Where is living this Gypsy?"

"In the back of a store on Sutfolk street, and ber I am trusting complete," said Frieda. "Frinstance, when Mrs. Feitelson was expecting, the Gypsy told ber to sew up the stuffed derma with black thread for a boy and white thread for a and when she used the black, you saw what beppened

WSCS Presents **TalksonSymbols**

On Monday, September 11, the Womens Society of Christian Service met in the home of Mrs. J. F. Epperson.

The devotional was given by Mrs. Woerner. The business meeting was called to order by the president, Mrs. S. C. Ladner, and the minutes of the August 7 meeting were read by Mrs. Epperson, secretary, and approved. Among the business matters discussed was the sending of Care

packages by the WSCS. At the close of the business session the program was turned over to Mrs. Alan Barksdale, vicepresident, who presented the Scripture Matthews 16-19th verse.

Members presented talks on symbols with the following subjects: A talk by Mrs. S. C. Ladner on "Moslem Women"; Mrs. S. A. Jennings on "Christian Hand"; Mrs. Fahrion on "Fatima"; Mrs. Bish Mathis on "Cross and the Cresent"; Mrs. Epperson on "Evangelist"; and Mrs. Floyd Bishop, Sr., on "Guiding Youth"; The Discussion concerned Algeria, North Africa, foreign field and potentialities.

The benediction was given by Mrs. Woerner. Following the meeting refreshments were served by Mrs. Epperson, hostess.

* * * At the last meeting of the Pass Christian Home Demonstration club an election of officers was held. Mrs. J. F. Epperson was hosen president; Mr. Justine Kuhn, vice-president; Mrs. Lewis Fahrion, secretary; and Mrs. O. B. Reed, treasurer.

The next regular meeting of the club will be held Friday, September 22.

Lee, who became interested in 4-H work in 1943, as a boy of ten years, discussed his individual project which he acquired from his brotheis several years ago.

In 1939 his two brothers planted 50,000 stash seedlings and in 1940 another 5.000; entire planting was done by hand. One of his brothers died in 1943 and the other went into military service., In Mrs. L. S. Elliott; in the absence 1944 Lee joined the Catahoula 4-H club and took over the ten acreas as his project; at this time the seedlings were four to five years old and in good grownig condition. He plans to use the income from the project to help pay his expenses through college.

The two things which make Lee's project outstanding are that fire has ben kept out and the trees have been pruned regularly, with diseased trees taken out. By doing this, nature has done the

The Bay St. Louis Little Theatre's last play of the 1950 season, "The Great Big Doorstep", will be presented in early November. This is a three act comedy by Frances Goodrich and Albert tions for members of the football Hackett adapted from the novel of the same name by E. P. O'Donnell. Try-outs will be held in the Little Theatre Sunday night at 7:30 September 17.

> It is a story of a "Cajun" family who lives on the banks of the Mississippi River below New Orleans. Many references in the dialogue to the surrounding locality should prove an interesting milestone in the progress of the Theatre. The play is being directed by C. D. Blair.

Included in the cast of characters are two sisters who are fifteen and seventeen years of age; the mother who is about thirtysix; the father, slightly older: a son about sixteen; a Texan about twenty-two; a barber of Warren Farrell, geologist with the same age; two ladies and the the Gulf Company, visited his brother of the father, about for-

Governor Wright Proclaims Week of October 1-7 As "Crusade For Freedom"

Governor Fielding L. Wright, in an official proclamation, has set the first week in October-October 1-7—as Crusade for Freedom Week in Mississippi.

Rex I. Brown, Crusade for Freedom chairman for Mississippi, announced that all plans were underway to mobilize the entire state behind the Governor's proclamation so all Mississippians may be given an opportunity to participate personally and directly in the world struggle against Communism by signing the Freedom Scroll and backing up Radio Free Europe during Crusade for Freedom Week in Mississip-

Chairman Brown in discussing the coming Crusade week said: " We are building our state organization around the Mayors of our various municipalities, who will be asked to serve as local chairmen and to mobilize the necessary volunteer citizens to secure a maximum number of signatures on the Freedom Scrolls tha will be permanently enshrined in the base of the giant Freedom Bell to be erected in Berlin and dedicated on United Na-

tions day on October 24. OPPORTUNITY FOR AMERICANS

"The Crusade for Freedom presents a unique opportunity for Americans in all walks of life to and J. E. Enwin who fouled out. have their voices heard and to bring a message of hope and encouragement to the people under the heel of Communism over-

The Crusade for Freedom is sponsored by the National Committee for a Free Europe, Inc., an organization of public spirited American citizens who operate Radio Free Europe as an independent partner of the governmentoperated Voice of America.

Unhampered by government protocol, Radio Free Európe broadcasts anti-communist pregrams from a transmitter beamed from Western Germany to behind the Iron Curtain. The freedom station carries the voice and messages of exiled leaders back to the prisoner countries from which they have escaped other broad casts feature folk music banned by the Communists.

General Dwight D. Eisenhower officially opened the Crusade in a radio broadcast on September 4. and General Lucius D. Clay, who was American Military Governor in Germany during the Berlin Airlift, is National Chair-

Navy "Freezes" Personnel to 51 Personnel to 51

Naval Base, Charleston, S. C.-The Navy Department announced recently a 12-months "freeze" of regular Navy and Naval Reserve enlisted personnel effective until July 9, 1951r

The order which applies to both active and muctive regular Navy and Naval Reserve enlisted personnel (with the exception) of one-year enlistees who were acepted under the Selective Service program), extends their pe riod of enlistment for 12 months from the expiration of their current enlistment.

At the same time, the Navy Dept. announced it has partially lifted its temporary ban on accepting application from civilians for commissions in the Navai Reserve. As a result, the Navy is now accepting applications from doctors, dentists, nurses, medical interns, medical and dental students, and electronics specialists for reserve commisssions.

The temporary ban, did not affect application from civilians in specialized fields for active duty commissions in the regular Navy. The Navy will continue to accept applications for regular Navy commissions from doctors, dentists, nurses, lawyers, ministers, qualified medical technicians, and women college graduates qualified to become Wave officers.

The goal is at least one flag on display in every Mississippi community during United Nations Week, October 16-24, and particularly on United Nations Day, October 24

This Ross United Nations Flag program was gotten underway to help people know the United Nations Flag. The program is headed by a National Citizens Committee representing farm organizacions, city, cituren, ecucation, patriotic and other groups. It has the approval of the United Nations.

Home Demonstration agents will work with home demonstration club women and 4-H girls in Position with Pearl River making these flags. Each Home Demonstration Club is being asked to make a flag and then help other groups.

The Extension Service is furnishing each home demonstration agent with a pattern and directions for making the flag. These will include details as to colors and size.

Welfare Department Spent \$1,700,585.00 To Meet In Biloxi Oct. 16 For August Payments

The Department of Public Welfare spent \$1,700,585.00 in August. 1950 for Public Assistance payments. Most of this money went for Old Age Assistance tors. checks. These checks are issued to persons over 65 years of age who are in need of the necessities of life. The number of aged people who receive a check was 65,269 which averaged \$19.37 per person. The smallest check written was for \$5.00 and the largest was for \$30.00.

The amount of payment is determined by how much a person needs according to a very meager oudget and how much the person already has to meet a part of his needs. Then, since the state does not have enough money to pay all that person needs, 19 percent of a person's needs are, paid to nim. The agency budget allows \$21.50 for food and clothing for one person. STUDY DRAINAGE OF WINTER OATS IN BLACK BELT

Several Methods of Seedbed Prep-Compared In Experiments: Little Difference in Beef Yields In First Year of Test

State College, Miss.—Seeking to reduce the problem of bogging in muddy fields during periods of winter grazing, the Black Belt Branch Experiment Station Brooksville conducted an experiment involving different types of seedbed preparation for oat planting last winter. Results are eported by Louie Walton, superintendent of the branch station.

While V-type ditches and sowing oats on the surface without seedbed preparation materially reduced bogging, the advantage of firmer footing under the cattle was not reflected in signficant gains of beef per acre in this oneyear test, Mr. Walton said.

Although one plot with a conventionally-prepared seedbed became so muddy at one time during the winter that steers had ta be moved from it for a short period, differences in gain were State total for 1950 to 221 cases, surface-sown plots. Late germination on the surface-sown plots caused low early gains, but they led all plots late in the season.

All plots that had well-prepared seedbeds produced a good stand of oats within 10 days. However, oats on plots 3 and 5, sown on the surface, did not come up until three weeks later and grew very slowly until mid-December.

Steers averaging 412 pounds each were placed on these plots November 2 and continued to graze until June 1, except for 9 days immediately following application of nitrate to the oats in per plot varied as was necessary to control grazing, therefore, gains are recorded in pounds per acre rather than per steer.

Plots with conventional seedbed preparation produced an average of 225 pounds of beef per acre. Similar plots drained with Vtpye ditches produced 266 pounds of beef per acre. Seeding on the surface without any seedbed pre--Visitors at the R. J. Bennett paration produced 203 pounds of beef per acre.

From where I sit ... by Joe Marsh Ought To "Polish Up"

Her Traffic Manners! Spent most of yesterday over at the Court House. "Tiny" Fields, the biggest and fastest talking of our three policemen, was holding forth about his traf-

fic troubles. "Women drive just as good as men do." Tiny said, "and just as bad. For instance—a girl in a convertible today. She starte?

three-block tie-up all by her. "She's creeping down M: Street-left hand stuck out a: sort of waving around. Never turns right or left, never stops. But, of course, everyone behind her thinks she's signaling about

something. Nobody dares to pass.

When I stop her and ask what's up, she smiles sweetly and explains that she's drying her nail

From where I set, that girl's typical of certain folks who are so wrapped up in themselves. they never notice they're not being fair to others. Our neighbor was a right to drive in safetyust as he has a right to enjoy a glass of beer. Let's all respect the other fellow's rights.
